Ladies and Gentlemen of the Congress
Legislative Assembly of the Republic of Costa Rica
San Jose, Costa Rica

Please Protect Leatherback Sea Turtles at Parque Nacional Marino las Baulas

Ladies and Gentlemen of the Congress:

On behalf of more than 150,000 students in schools throughout the United States, we write to request that you help support the continued survival of leatherback sea turtles by protecting their nesting beaches at Parque Nacional Marino las Baulas. **Please do not vote for the reduction of Las Baulas to a multi-use, private-property wildlife refuge.**

Since 2007, **these students have raised more than \$200,000 to help purchase and preserve Playa Grande, the principal leatherback nesting beach at Las Baulas.** Their effort was based on assurance that the government of Costa Rica—world renowned for its strong commitment to conservation—would stand firm against the demands of developers who wish to eliminate the park and end the program to protect the critically endangered leatherback species.

Their contributions are included in **a fund of \$2,000,000, administered by the Leatherback Trust (LBT), specifically for the purpose of acquiring the remaining open land at Playa Grande, the principal leatherback nesting beach in the park.**

Additional contributions to the LBT fund was generated by more than 100,000 U.S. students who have participated in Earth Day Science Symposium: Sea Turtles, a science and mathematics activity designed for advanced elementary and middle school classrooms. LBT made a commitment to these children to raise \$50 for turtle protection at Playa Grande for each participating class. More than 4,000 classrooms had participated by the end of the 2008-2009 school year.

Please do not betray the trust of these young conservationists! Please do not dishonor Costa Rica in their eyes by contributing to the extinction of leatherbacks and the elimination of national parks in your beautiful country.

We are sincerely grateful for your attention to this letter.

Attached is the list of schools where students have raised funds to purchase and protect Playa Grande at Las Baulas and to protect leatherback turtles.

Respectfully,

Clifford Ross
Executive Director

Earth's Birthday Project
Big Gift to the Earth: Sea Turtles
